How to Submit Applications

Renewal Projects

Organizations seeking renewal funding for their current projects must submit the Renewal Project Application, which is included here as Appendix A. The Application must be completed and signed by an authorized representative for the agency.

Renewal Project Applications be submitted via email to cocnofo@tchelpspot.org on or before 08/30/2024 at 4:00 PM. Submissions received after this date and time will not be accepted, and therefore the project will not be considered for inclusion.

New (Including Expansion) Projects

Entities seeking funding for new (including expansion) projects must complete the New Project Application, which is included here as Appendix B.

Applications and required attachments must be submitted via email to cocnofo@tchelpspot.org on or before 8/30/2024 at 4:00 PM. Submissions received after this date and time will not be accepted, and therefore the project will not be considered for inclusion.

Evaluation and Scoring

Applications will be evaluated using the FL-509 2024 Scoring Tools, which are provided here in Appendix C.

Scoring, Selection, and Ranking Process

Applications will be reviewed by TCHSC staff for adherence to the eligibility criteria described in the 'How to Submit Applications' section above. Applications must also meet the following threshold requirements:

- Applications must be completed in full and contain all required attachments.
- Applications must be submitted on time.
- Applications must be signed by an official designated to execute contracts on behalf of the organization.
- Nonprofit organizations applying for new and/or expanded funding must have a Federal Unique Entity Identifier (UEI) and Federal Tax ID number.

If TCHSC staff determine these standards are not met, the project will be rejected, and the applicant agency notified by email. TCHSC staff may consult with the Review and Rank Committee to determine whether the standards were met. If the applicant and application are determined eligible, then the application will proceed to the Review and Rank Committee for further evaluation.

CoC Review and Rank Committee (RRC) Members will meet to review and score each project application using the Scoring Tools.

TCHSC staff will provide copies of all eligible Applications to the RRC, as well as any needed back up documentation, such as the applicant organization's CoC, HMIS, and Coordinated Entry participation.

The RRC will discuss the applications and determine a recommendation for funding to be presented to the CoC Executive Committee for approval. These recommendations of funding will include the following types of recommendations:

- Projects to be rejected.
- Projects to be included in the CoC Application but at an amount less than the amount requested by the project applicant.
- Projects to be included in the CoC Application at the amount requested by the project applicant.
- Ranks of each project to be included in the CoC Application, apart from the CoC Planning grant, which is not subject to ranking as required by HUD.

The CoC Executive Committee will review the recommendations provided by the RRC and make the final decision regarding which projects to include in the CoC Application to HUD, at what amounts, and

with what ranks. Upon approval, TCHSC staff will provide notice via email to each project applicant regarding the CoC Executive Committee decisions, as described above.

Any project applicant may appeal a decision of rejection only. Appeals must be written and received via email by TCHSC as indicated in the timeline. Appeals must be submitted via email to cocnofo@tchelpspot.org by 4:00 PM on 9/24/2024.

The appeal must include a written statement specifying in detail the grounds asserted for the appeal. The appeal must be signed by an individual authorized to represent the agency and must include the specific sections of the application on which the appeal is based. The appealing agency must specify facts and evidence sufficient for the CoC Executive Committee to determine the validity of the appeal and make a final decision. Note that explanations for submitting a late or incomplete Application do not constitute valid grounds for appeal. Further, the Executive Committee will not consider any information about the project that was not included in the submitted Application.

Appeals will be considered by the CoC Executive Committee and decisions issued according to the timeline. CoC Executive Committee decisions regarding appeals are final. If appeals result in any change to the previously approved project listing, amounts, and/or ranking, all project applicants will be notified via email according to the timeline.

E-Snaps Submission

Projects selected for inclusion in the FL-509 CoC Consolidated Application to HUD must apply through the federal e-snaps grant application system by the date specified in the timeline in these instructions. If technical assistance is needed, please contact cocnofo@tchelpspot.org as soon as possible to ensure complete and accurate project applications are submitted timely.

Selected Requirements for Awardees

All awardees must actively participate in the CoC, including attending meetings and participating in committees.

All awardees must comply with HMIS Policies and Procedures and actively participate in the Coordinated Entry (CE) Process.

Awardees must comply with confidentiality requirements pertaining to the records and locations of programs providing family violence prevention or treatment services.

All agencies must ensure nondiscrimination. This applies to employment as well as to marketing and selection of project participants. All housing and services are available to all eligible persons and does not discriminate or prioritize households for housing and services based on race, color, national origin, religion, sex, age, familial status, disability, actual or perceived sexual orientation, gender identity, or marital status. The age and gender of a child under age 18 may not be used for denying any family's admission. Additionally, all projects must comply with HUD's Equal Access to Housing Final Rule which requires that recipients and sub-recipients, as well as owners, operators, and managers of shelters, and other buildings and facilities and providers of services grant equal access to such facilities, and other buildings and facilities, benefits, accommodations, and services.

For additional requirements, refer to the 2024 HUD CoC NOFO and the CoC Program information.

Additional Information for Applicants

All applicants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve in the best interest of the CoC, or that may reasonably be perceived as having this effect. If the TCHSC, in its sole discretion, determines that a conflict of interest exists, an applicant shall not be considered for a funding award.

TCHSC staff will monitor each program to ensure compliance with the terms of the funding agreement between the TCHSC and the agency. This will include monitoring records kept by the applicant to demonstrate the eligibility of clients, the services provided, and other required information. Awardees are also subject to monitoring by HUD.

Note: The amount requested for FY24 may not be higher than the amount on the FY2024 FL-509 Grant Inventory Worksheet but may be lower. Important Note on Scoring Renewal Projects

Renewal projects will be scored and ranked by the Review and Rank Committee based on the factors included in the Scoring Tool for renewal projects, including but not limited to the information provided in this Application. The majority of points available for renewal projects are based on APR performance measures related to the CoC System Performance Measures.
